KST35 LED Strobe Flashers

The Kinetic range of weatherproof Security Strobe flashers are renowned throughout the industry for quality and reliability.

High Intensity LED's combined with a unique lens design enhance light transmission for maximum visual alert and deterrent effect.

Outstanding Features:

- Strobe flasher with Polycarbonate Lens
- High intensity LED's (Light Emitting Diodes) with ultra low current consumption
- Weatherproof construction to I.P65 for outdoor applications
- Ultra low profile design with 'single pin' Central screw fixing.
- Compatible with any Alarm Control Panel & an integral part of many security systems but can also be utilised for numerous stand alone strobe lighting applications.

Adapt to any situation!

SPECIFICATION	KST35-L
Strobe Flasher	High Intensity LED's
Flash rate	75-90 per min.
Current Consumption	50 mA
Voltage	12 VDC
Connecting wires	Red(+ve) Black(-tve), 15cm
Casing - Lens / Base	Polycarbonate / ABS
Weather resistance	IP65
Dimensions	70 mm (W) x 36 mm (D)
Colour Options	Blue / Red
Fixings	Single Screw (45mm centre)
Security Grade	2
