

RG59+2C

RG59+2C HIGH QUALITY COAXIAL CABLE

RG59+2C High quality Coaxial cable, 75 Ohm, with 2 Core low voltage power cable attached, suitable for CCTV wiring applications. Otherwise known as 'Shotgun' cable.

Features:

- RG59+2C coaxial CCTV cable with 2 core
- 75 Ohm impedance
- Solid Copper conductor (100% Copper)
- Solid Polyethylene insulation
- CCA (Copper Clad Aluminium) braided shield
- PVC jacket in black
- 2 Core for low voltage power Red & Black
- Supplied on 100m reel

RG59+2C

SPECIFICATION	RG59+2C High quality Coaxial CCTV 'shotgun' cable
Ref code	RG59+2C
Type	Coaxial Cable with 2 core attached
Impedance	75 Ohm
Centre core	Solid copper conductor 0.584mm (100% copper)
Insulation	Solid PE (Polyethylene) 3.7mm
Shield	112 x 0.12mm CCA Braid (Copper Clad Aluminium)
Jacket	PVC (Polyvinyl Chloride) Jacket 6.0mm, Black
2CORE	2 core, 14 stranded Bare copper conductor
Insulation	1.25mm PVC, Red / Black
Jacket	PVC outer sleeve
